

Patented, special inner design to increase process efficiency

DM 400 / Capacity: 400 liter

Surface Finishing Barrels

Process barrel of Kromaş DM 400 Surface Finishing and Polishing Barrel is lined with elastomer polyurethane.

DM 400 is a versatile machine suitable for wet or dry barrel finishing processes.

Bu makineler, plastik ve metal parçaların yüzey işlemleri için dizayn edilmiştir.

Internal polyurethane form of DM400 Surface Finishing and Polishing Barrel is very efficient. It allows the users to have fast and economic production.
